

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The 2022-2023 Consolidated Annual Performance and Evaluation Report (CAPER) has been prepared to assist residents of the City of Palm Desert (the City) and the U.S. Department of Housing and Urban Development (HUD) in assessing the City's use of federal grant funds to meet priority housing and community needs identified in the City's 2018–2022 Consolidated Plan. The CAPER for Program Year 2022-2023 (PY 2022-23) primarily provides an overview of the City's accomplishments from July 1, 2022, through June 30, 2023, utilizing Community Development Block Grant (CDBG) funds.

The Consolidated Plan established the following goals:

- **Provide decent housing:** Help homeless persons obtain appropriate housing and assisting those at risk of homelessness; preserving the City's affordable housing stock; increasing the availability of affordable permanent housing for low- and moderate-income persons without discrimination; increasing the supply of supportive housing.
- **Provide a suitable living environment:** Improve the safety and livability of neighborhoods; increasing access to quality facilities and services; and reducing the isolation of income groups within an area through integration of low-income housing opportunities.
- **Expand economic opportunities:** Create jobs accessible to low- and moderate-income persons; make down payment and closing cost assistance available for low- and moderate-income persons; promote long-term economic and social viability; empower low-income persons to achieve self-sufficiency.

The PY 2022-23 reporting period is the fifth year of the City's 2018-2022 Consolidated Plan cycle. The 2022-2023 Annual Action Plan outlined an expenditure plan for the City's \$394,525 CDBG grant allocation. The Action Plan identified activities to be carried out during the reporting period utilizing CDBG funds, including public facility improvements, public service grants, and program administration.

Additionally, during the PY 2022-23 reporting period, the City implemented activities to prevent, prepare for, or respond to local impacts of the COVID-19 pandemic. Pursuant to the CARES Act of 2020, HUD allocated the City \$851,374 in CDBG-Coronavirus (CDBG-CV) funds in two rounds of funding. HUD requires that 80 percent of CDBG-CV funds be spent in three years and 100 percent spent in six years. Facilitated by CDBG

program regulation waivers, the City enhanced funding for local service providers that assisted lower-income residents at risk of losing housing or utility services due to a COVID-19 related financial impact.

Detailed expenditure and accomplishment for CDBG and CDBG-CV funded activities are provided in **Attachment 1**.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee’s program year goals.

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected – Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected – Program Year	Actual – Program Year	Percent Complete
Enhance public facilities	Non-Housing Community Development	CDBG: \$	Public Facility or Infrastructure Activities other than Low/Moderate Income Housing Benefit	Persons Assisted	50000	0	0.00%			
Enhance public facilities	Non-Housing Community Development	CDBG: \$	Other	Other	0	0		3	0	0.00%

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The City focused CDBG and CDBG-CV resources to address priority community needs identified in the Consolidated Plan. HUD-approved program waivers allowed the City to enhance funding to local service providers to assist residents impacted by the COVID-19 pandemic. Progress was exceeded towards meeting goals and objectives.

Priority needs addressed during the reporting period include the following:

PY 23 Administration - CDBG Program

PY 22 Desert Arc ADA Restroom Improvements

- Public Facility and Infrastructure projects such as roof replacement and security improvements; ADA restroom improvements; outdoor shelter for people with disabilities – The procurement process has started for this project and is expected to be completed by the end of this next fiscal year.

PY 22 Cahuilla Hills Park ADA Compliance Project (2022)

- Public Facility and Infrastructure projects such as roof replacement and security improvements; ADA restroom improvements; outdoor shelter for people with disabilities – The procurement process has started for this project and is expected to be completed by the end of

this next fiscal year.

PY 22 Fair Housing Council of Riverside County – PSG – Completed

- Fair housing services to address and resolve tenants/landlord issues, address allegations of fair housing law violations.

PY 22 Operation Safe House, Inc – Completed

- Public services such as mentoring and educational assistance for disadvantaged high school youth; and case management services for homeless youth

PY 22 Desert Access and Mobility - Completed

- Transportation services to the disabled; Additionally, CDBG funding was allocated to undertake park and sidewalk improvements in the Palma Village neighborhood; Procurement has started and this project is ongoing but expected to start making way in the next year.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

91.520(a)

	CDBG
White	347
Black or African American	40
Asian	5
American Indian or American Native	5
Other Multi- Race	2
Total	399
Hispanic	103
Not Hispanic	296

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

According to the U.S. Census Bureau (*2019 American Community Survey 5-Year Estimates*), most Palm Desert residents are racially White – 82.5 percent. This same data source reports that 23.5 percent of the City’s population is Hispanic/Latino. Based on the data from Table 2, approximately 83.3 percent of CDBG-funded program participants are White, and a significant number of assisted individuals are Hispanic/Latino (32.9 percent). Additionally, 46.8 percent of program beneficiaries report a household income equal to or less than 30 percent of the County median income (defined by HUD as extremely low-income). This data indicates that many program beneficiary households may be economically unstable and seek services to help stabilize their financial situation.

Note: By default, Table 2 excludes multi-racial program beneficiaries in IDIS. IDIS also excludes CDBG-CV program beneficiaries.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	394,525	106,604

Table 3 - Resources Made Available

Narrative

As shown in Table 3, the City had \$394,525 in CDBG funds available for programming during PY 2022-23. The City utilized \$106,604 during the reporting period. Detail regarding CDBG expenditures is found in the CDBG & CDBG-CV Financial Summary Report, Attachments 2. Additionally, \$851,374 in CDBG-CV funds were available during the PY 2022-23 reporting period, of which, \$36,692 was spent during the year. CDBG-CV expenditures are also detailed in Attachment 2.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
Citywide	100	100	Citywide

Table 4 – Identify the geographic distribution and location of investments

Narrative

As anticipated, the City used 2021-22 CDBG funding on a citywide basis. CDBG-CV funds were also available on a citywide basis. The City did not receive program income. **Attachment 2** (PR26 - CDBG & CDBG-CV Financial Summary Report) provides a detailed summary of CDBG and CDBG-CV expenditures.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The City of Palm Desert does not have owned land; however, the Palm Desert Housing Authority owns 15 communities throughout the City that provides 1,100 multi-family and senior housing units of various size and character. To the extent that the Housing Successor Agency has funds available, housing resources will be used to address the housing needs of very low and low-income residents. Additionally, nonprofit partners leveraged CDBG resources with other grant awards and private donations.

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	0	0
Number of Non-Homeless households to be provided affordable housing units	0	0
Number of Special-Needs households to be provided affordable housing units	0	0
Total	0	0

Table 5 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	0	0
Number of households supported through The Production of New Units	0	0
Number of households supported through Rehab of Existing Units	0	0
Number of households supported through Acquisition of Existing Units	0	0
Total	0	0

Table 6 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The City did not utilize CDBG funds to assist with the development or rehabilitation of housing during the reporting period. The City continued to support various organizations that provide a service to Palm Desert Residents.

Discuss how these outcomes will impact future annual action plans.

As discussed above, the City did not use CDBG funds for housing activities. Private development and incentives to create affordable housing units within a new development will likely support future housing activity.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	0	0
Low-income	0	0
Moderate-income	0	0
Total	0	0

Table 7 – Number of Households Served

Narrative Information

The City did not utilize CDBG funds to undertake housing activities during PY 2022-23. HARC reports it provided rental assistance to 123 very low-income Palm Desert households. The City is not a recipient of HOME funds.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City is actively involved in multiple activities to address the needs of homeless persons, which include coordination with the Continuum of Care. For example, the City is involved in regional coordination efforts between stakeholders throughout the Coachella Valley and Riverside County. The City has historically funded homelessness services coordinated regionally through the Coachella Valley Association of Governments (CVAG). For years, the City contributed funds to CVAG for the operation of Roy's Desert Resource Center, which permanently closed in July 2017. Since then, CVAG has allocated its regional financial commitments for other homelessness services. The City recently made another financial commitment in the amount of \$100,000 to CVAG to continue their CV Housing First program that focuses on providing housing and services to the regions chronically homeless individuals. A summary of accomplishments is available for reference at City Hall.

The City also operates a homelessness assistance program that includes a homeless resource hotline. The program contracts with the Riverside University Health System to provide a Behavioral Health Specialists in Palm Desert to focus on providing homelessness services. Please note the County of Riverside coordinates the Continuum of Care as well.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City of Palm Desert did not utilize CDBG funds in the program year to address the emergency shelter nor the transitional housing needs of homeless persons. The City supported the regional CoC and Emergency Solutions Grant (ESG) funded sub-recipients that provide bridge housing for persons experiencing homelessness.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The City utilized CDBG and CDBG-CV resources to provide food, COVID testing, and other support services for seniors, the disabled, and children. These social safety net services assisted many individuals and households avoid homelessness.

The Riverside County CoC is responsible for implementing the regional discharge plan – the City supports these efforts. The discharge plan aims to prevent local institutions from releasing individuals into homelessness. Elements of the discharge plan include the following:

- Encourage the use of mainstream resources that are available to homeless individuals.
- Provide a comprehensive listing of Riverside County agencies, divisions, and departments that serve homeless persons or that contract with agencies that serve homeless persons, emphasizing assisting chronically homeless persons.
- Educate the community regarding the challenges faced by the homeless, including living with a disability or living with extremely low-income benefits (such as SSI).
- Link individuals with disabilities to community housing that provides wrap-around services.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

To help individuals experiencing homelessness transition into permanent housing, the Riverside CoC has increased resources for rapid re-housing assistance. Rapid rehousing aims to place a household into housing as quickly as possible and provides wrap-around supportive services. The Riverside CoC partners with the County's Economic Development Agency (EDA) to implement a regional rapid rehousing program. This partnership has increased the number of homeless households that are rapidly re-housing. The County CoC is also responsible for implementing the regional Homeless Coordinated Entry System. This housing/service triage system prioritizes scarce resources to individuals experiencing prolonged episodes of homelessness and that rank high in a vulnerability index. The City of Palm Desert is a member of the Riverside CoC and supports these efforts.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The City does not operate a Public Housing Authority, however provides support to the ___Public Housing Authority.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

The City does not operate a Public Housing Authority.

Actions taken to provide assistance to troubled PHAs

The City does not operate a Public Housing Authority.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The City's Consolidated Plan identifies a strategy to eliminate barriers to the provision of affordable housing. The strategy addresses housing costs via incentives to develop, maintain, or improve affordable housing in the jurisdiction. Public policies such as taxes, land use controls, zoning, building codes, fees, and growth limits also impact the cost of housing. The City continued to discuss with private developers the need to construct residential projects and include a certain percentage of affordable housing units. CDBG funded plans were not submitted for projects with an affordable housing component; however, the City has approved two housing projects and will continue to encourage private developers to build affordable housing.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The City continued to provide CDBG and City funding resources to assist households facing housing insecurity, living in poverty, and persons experiencing homelessness. The City partnered with numerous local nonprofit organizations to address a myriad of issues faced by underserved populations. During the reporting period, the following services were provided to assist underserved residents:

- Senior services, including mental health counseling to assist seniors in coping with isolation and depression resulting from stay-at-home directives
- Services for persons with disabilities
- Educational and emotional support services for youths
- Emergency shelter and support services for individuals experiencing homelessness
- Fair housing services to address and resolve tenants/landlord issues, address allegations of fair housing law violations, and navigate issues related to the COVID-19 eviction/foreclosure moratorium

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The City did not use CDBG program resources to undertake housing activities that triggered HUD's lead-based paint hazards compliance. However, as indicated in the Consolidated Plan, the City referred residents with Lead-Based Paint Hazards concerns to Riverside County Health Services Lead Hazard Reduction Section Department. Additionally, the City distributed brochures regarding Lead-Based Paint

Hazards through the Housing Successor Agency and the City's Building and Safety Department to contractors, homeowners, and renters. Nonprofit partners, such as the Fair Housing Council, also distribute the Lead-based Paint Hazards brochures to educate the public regarding lead-based paint hazards.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

According to the U. S. Census Bureau, approximately 13.1 percent of Palm Desert residents live in poverty. This figure includes 18.8 percent of children age 18 and younger and 8.6 percent of residents age 65 and older. As previously reported, over 48 percent of all CDBG/CDBG-CV program beneficiaries have extremely low income – over 71 percent of beneficiaries had very low-income (50 percent of the county median income). During the reporting period, the City allocated significant CDBG and CDBG-CV resources to assist lower-income Palm Desert residents, especially those with extremely low and very low-income. Services provided include a food bank, counseling, medical services and referrals, and rental assistance to prevent the loss of shelter.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The City continues to partner with local government entities, service providers, and other agencies/organizations tasked with similar goals and objectives to improve the quality and quantity of services provided to the homeless and lower-income persons. Working with various County of Riverside departments and the many local nonprofits has created a cohesive working relationship to address Palm Desert's needs and the needs of the greater Coachella Valley. These collaborative actions have address gaps in the regional institutional structure.

As previously outlined, the City has established several partnerships with nonprofits, the regional CoC, and county departments to address the needs of the City's lower-income residents. For example, the City continued to work with the Riverside County Department of Mental Health and the Department of Social Services to address homelessness and mental health issues.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The City continued efforts to enhance coordination between public and private housing and social services agencies during the reporting period. These efforts include the following:

- The City is a member of the CVAG Homeless Committee, which has a membership of all Coachella Valley cities, County of Riverside Supervisor’s office, County of Riverside departments, Desert Health Care District, and various nonprofit organizations.
- The City is a member of the Riverside County CoC, including various local jurisdictions, the County, nonprofits, and other interested individuals and organizations.
- The City typically conducts an annual Community Meeting, publishes meeting information in the Desert Sun newspaper, and posts information on the City website. These efforts were postponed due to the COVID-19 pandemic.
- The City typically conducts seminars on crime-free multi-family housing for landlords. These efforts were postponed due to the COVID-19 pandemic.
- The City provides flyers and materials directing residents to the regional social services 211 system and other local service providers.
- The City provides meeting facilities for fair housing informational meetings for landlords who have units available for lower-income households.
- The City contracts with the Fair Housing Council of Riverside County, which provides workshops to educate and inform residents and property owners/managers about fair housing laws. In-person workshops were postponed due to the COVID-19 pandemic; however, workshops were available online.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

Consolidated Plan regulations require CDBG recipients to (1) examine and attempt to alleviate housing discrimination within their jurisdiction; (2) promote fair housing choice for all persons; (3) provide opportunities for all persons to reside in any given housing development, regardless of race, color, religion, sex, disability, familial status, or national origin; (4) promote housing that is accessible to and usable by persons with disabilities; and (5) comply with the non-discrimination requirements of the Fair Housing Act. The City hired Castaneda and Associates to complete its Analysis of Impediments to Fair Housing Choice and Fair Housing Action Plan (AI). The following action steps were identified in the AI:

- Publish information on the City’s website describing reasonable accommodation procedures. The City’s “Americans with Disabilities Act and the City” web page links several related documents, including the City’s procedures for requesting accommodations.
- Continue to support the efforts of the private and nonprofit sectors to address the needs of the residents. The City contracted with the Fair Housing Council of Riverside County to provide fair housing outreach, education, and enforcement services.
- Utilize the Housing Element site inventory in making future location decisions regarding the sites suitable for affordable housing development. The 2022-2029 Housing Element contain an inventory of vacant land suitable for affordable housing development.

- Fair Housing of Riverside County – should continue to provide fair housing-related workshops and distributed related information. As indicated above, the City continues to contract with the Fair Housing Council of Riverside County to provide fair housing outreach, education, and enforcement services, including producing and distributing fair housing educational information.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The monitoring plan that the City has in place and will continue to implement is outlined in the Consolidated Plan. The monitoring plan indicates that the City will monitor all HUD-funded activities and subrecipients per applicable U.S. Department of Housing and Urban Development regulations and requirements. The guiding principles and objectives of the monitoring plan help ensure that the primary benefits of activities are intended, directed, and received by targeted groups, including but not limited to low and moderate-income households, homeless, elderly, at-risk youth, persons with disabilities, and women and minority-owned businesses.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

To encourage resident participation in the City's CDBG and CDBG-CV program, the City published a notice on September 6, 2023, announcing a 15-day public comment period for the 2022-23 CAPER. The CAPER was made available for public review on the City's website September 12, 2023 through September 28, 2023 (www.cityofpalmdesert.org). All residents are invited to speak on the subject of the CAPER at the public hearing on September 28, 2023 at City Hall Council Chamber 73510 Fred Waring Drive, Palm Desert, CA. A copy of this notice and a summary of written comments is provided as **Attachment 3**.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

As required by HUD, the City undertook two substantial amendments to the Consolidated Plan/Action Plan to receive and allocate CDBG-CV funds. No additional amendments or changes to Consolidated Plan or Action Plan were undertaken during this reporting period.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI)

grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction’s program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

As required by HUD, the City undertook two substantial amendments to the Consolidated Plan/Action Plan to receive and allocate CDBG-CV funds. No additional amendments or changes to Consolidated Plan or Action Plan were undertaken during this reporting period.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.
