Subject: Long term future of restaurant patios and decks

I wanted to take a moment to voice my support for outside patios and decks for seating for restaurants in Palm Desert, especially along El Paseo.

I understand that new ordinances would cause most or all of the recently added patios and decks to be removed. That seems unfortunate. I don't want to sit outside in the middle of summer, of course, but one of the reasons I live in Palm Desert is the lovely weather the rest of the year. It seems a shame to eliminate something that makes it pleasant to live here.

Palm Desert, full time, Deep Canyon Rd.

Cheers!

Michael

Subject: Dining deck TUP requirements
Date: Wednesday, May 22, 2024 4:13:16 PM

Dear Council Members,

In revisiting the requirements that have been agreed upon currently for operating our dining deck I would hope that whatever changes you are insisting we follow you will take into consideration the cost if we need to reconstruct our existing decks. We will be required to possibly take them down in one year for the pavement project only to rebuild them again. It seems only fair and reasonable that any major changes would be required at that time next year.

The majority of visitors love outside dining and it would be a shame for both operators and guests to not offer this due to the cost the City mandates on our businesses.

Coordually Yours,
Sheri Pierattoni
