

Would you be in favor of having a weekly Farmers Market on El Paseo?			Where on El Paseo is your business located?	Do you have any general concerns?	Are you in favor of closing El Paseo between Lupine Lane and Sage Lane every Saturday from 6:00 am to 2:00 pm?	x	y
1	No		Between San Pablo Ave. & Larksp	I do NOT believe a Saturday am farmer's market buyer is in the same demographic as your El Paseo/weekend or tourist shopper/diners. Move it to the far east side of El Paseo! A farmers market is not our luxury buyer!	No		0 0

47	Yes	Between Ocotillo Dr. & Sage Ln.	While interested in the additional foot traffic this could bring to the El Paseo Shopping District, there is a concern that the normal steady flow of business on a Saturday morning/afternoon would be negatively impacted by the closure of a portion of the street. I also have concerns about the overall aesthetic of the farmers market, how it will look from both street and sidewalk sides, and I would want to hold the event operators accountable for upholding the elevated aesthetic of El Paseo. 48	No	Between Ocotillo Dr. & Sage Ln.	NO, NO, NO!! This is another BUSINESS KILLER! We're tired of EVENTS TAKING OVER EL PASEO, FOR BUSINESSES THAT HAVE NO INVESTMENT IN EL PASEO: HOPS AND HOOPS, PAINT EL PASEO PINK, OLD CARS(Choking customers with noxious gas fumes)FRIDAYS, and now you want to block it off for farmers, hawking their products NO, NO, NO!! You should focus on PROMOTING OUR BUSINESSES, NOT PROMOTING BUSINESSES WHO PAY NOTHING!! This is extremely concerning - blocking all traffic that runs directly in front of so many businesses. To close down the street will have tremendous negative effects on our businesses and livelihoods. A Farmer's Market should bring INCREMENTAL business to the community (aka off site of already busy area). It should not hinder existing businesses. Put it on a street that needs walk in business or is not a major street for current operations. We pay extra fees/taxes to be on El Paseo, not to support other businesses to block us. Shutting down our traffic seems like it would result in lots of lawsuits. I know i would seek out an attorney about my taxes & fees that I pay to be on the street if a Farmer's Market closed off our valuable street.	No	0	0
