Subject: For City Council meeting

I am a member of the Joslyn Senior Center. The Cove Communitis Senior Association seems to have fired Dr. Jay Seller, an experienced administrator, because he asked questions about finances? The lack of transparency is disturbing. The board president has no oversight and spends huge sums on poorly done remodels (the new bathrooms are not designed for wheelchairs or arthritic knees). Please investigate. The monies are being mispent and legal troubles are mounting. Thank you.
