

DISASTER PREPARED COMMUNITIES SAVE LIVES

12/7/2025

©CVDPN - Preparing And Building An Emergency Plan

3

The CVDPN, a 501c(3) ALL VOLUNTEER organization, helps Coachella Valley residents achieve high levels of personal disaster preparedness and resiliency before the need arises!

Our FREE programs include:

- Personal Preparedness
- How to Build a Community Emergency Plan
- Stop-The-Bleed
- Active Shooter Awareness
- Hands-Only CPR
- Watch Your Step (Senior Fall Prevention)

WHAT ARE PEOPLE SAYING ?

- “This is the only nonprofit, or for profit in all of Coachella Valley providing this life saving service. I think the cities have their plan for management, but what are the residents supposed to know and do? Who gets them to have a plan?”
- ‘This is training that you can't get anywhere else. These have been a great help in my preparation and my helping my neighbors.’
- “Excellent program! It has equipped us with a solid plan to check on ourselves and then those around us when disaster strikes.”
- “We have put together a to-go bag and assembled supplies needed to get through several weeks in the event of a severe earthquake. Our supplies include water, some food, tools, and other equipment.”
- “I will utilize our training to create an emergency plan for my HOA.”
- "CVDPN training has made a difference in my life with their easy-to-understand presentations and hands-on skills.”
- “It made me much more aware that my survival is up to me, and I need to be personally prepared for all disasters.”
- “Please keep up the free training classes. They are so informative and so immensely helpful.”
- “We feel more prepared in case of emergency, having the knowledge of what to do and what items to have ready at a moment’s notice.”
