Subject: Support a Resolution for the Iranian People
Date: Sunday, January 4, 2026 3:17:58 PM

Dear Mayor Pro Tem Trubee,

As a resident of Palm Desert, CA, I am writing to ask you to support a resolution expressing our community's solidarity with the Iranian people.

Right now, Iranians across 25 provinces are taking to the streets demanding freedom—despite facing a regime that has killed at least 16 protesters in seven days and executed over 2,200 people in 2025 alone. Many Iranian-Americans in our community have family members living under this brutal regime.

The protests erupted after the Iranian rial collapsed 56% in six months, with inflation topping 42% and food prices surging 72%.

Security forces have arrested over 130 people, including women and teenagers sent to Evin Prison. The regime has cut internet access by 35% to hide its crackdown from the world.

Cities across America have a proud tradition of standing with those fighting for human rights. I respectfully ask that you:

- Introduce or support a city resolution expressing solidarity with Iranian protesters
- Issue a public statement supporting the Iranian people's right to peaceful protest
- Join other local leaders in calling on the federal government to maintain maximum pressure on the Iranian regime

Our community's voice matters. Thank you for your consideration.

Sincerely,

Violet Moore
Palm Desert, CA
