Subject: My comments re upcoming Palm Desert City Council meeting agenda

November 16 (at 4:pm),2023.

I am a senior...living in a HUD complex (Candlewood).
Here are my concerns...suggestions:

*Size of clocks...as seniors our eyesight isn't as good as it once was...so hard to read many average outdoor clocks.

*Better lighting around garage parking.

My car was stolen May 30 from the allotted parking... the Sheriff took a look around the parking and indicated poor lighting.

Maybe we need an electric gate in order to get into our parking and the complex.

*Bike racks..within our complex. I had asked the last manager...who told me no money allotted for this potential item.

I shall be at this meeting on Thursday 11/16 @4:pm

Thank you.
